JoAnne

I am immensely grateful to Teal Diva "Yes Girl" volunteers for the work that they did in and around my home. My husband and I have been so consumed by my cancer and treatment over the past three years, that many household projects have fallen by the wayside. I looked at my surroundings and felt severe anxiety over all of the work that had to be done, It was overwhelming. By completing these projects, the "Yes Girl" volunteers have given me a sense of serenity. I no longer feel anxious when I look around my home, I only feel joy, gratitude and love. I am truly humbled, I had no idea that so many others cared. I only hope that someday I am well enough to pay it forward and help someone else the way these wonderful people have helped me. Thank you to everyone who worked on the project, raised funds or contributed money.

# HOW WE MAKE A DIFFERENCE

## YES GIRL VOLUNTEER PROGRAM

By saying yes to tasks like lawn mowing, laundry, home maintenance, and offering financial assistance for necessities like rent and utilities, our community volunteers help ease the burdens of a woman battling cancer, allowing her to focus on her fight and find moments for herself, so she never has to face it alone.

## TEAL TRANQUILITY: *A Break from the Battle, Together*

Our weekend retreat is a transformative experience for survivors of gynecologic cancer, made possible through our fundraising efforts. Your support as a donor ensures that we can continue to provide this life-changing retreat, allowing survivors to forge deep connections, find strength in one another, and create lasting memories. Your contribution helps us offer solace, inspiration, and healing to those who need it most.

## ENCOURAGEMENT CARDS

As part of our nonprofit's mission, we've introduced a new program in response to the challenges brought forth by the pandemic. We're excited to share that we now provide a service where women in need of encouragement receive uplifting cards filled with prayers and support.

## CANCER SURVIVOR DIGNITY CHEMO SHIRT

We provide teal infusion shirts to women receiving chemotherapy for gynecological cancers, free of charge, preserving their dignity during a difficult process and empowering them by making their battle visible through the distinctive teal color associated with ovarian cancer.

I loved how I didn't have to worry about the neck of my shirts being stretched out. A simple zip down and the nurses could access my port while the rest of me was able to stay warm. And I didn't have to figure out what to wear to chemo. The nurses saw the shirts and fell in love too!
